To Whom These Presents May Come:

Greetings

These presents will serve to introduce and identify Reverend James W. Jones, Pastor of Peoples Temple Christian Church, probably the largest single Protestant Church in the State of California. The Church has a California membership of over 10,000. Pastor Jones' social service programs are extremely supportive of local law enforcement, and his members hold important positions in local government.

Reverend Jones contemplates a visit to British Guiana during the early part of December, and I respectfully trust he will receive every courtesy and consideration during his sojourn. For purposes of identification his signature appears below.

Very truly yours,

Joseph L. Alioto
